RE: Preliminary List of Classes

Attached is a very preliminary copy of *Missouri List of Classes*. This publication, once complete, will be replacing Missouri State Documents Classification Post-Reorganization Agency Codes and Form Divisions (HI.Li 2:D 65/977). The actual product will be completed shortly (note the lack of a date!). It will include an agency index and other information. If you have any suggestions for content or format, please contact me.

Please notice that the format includes an attempt at tracings. If any of you want an adventure and have an old enough collection, go ahead and trace some of them back (or forward) and let me know. Any help I can get will be appreciated.
